

THE ELIASON® ENG-1

Where Function Meets Elegance.

ENG-1 RESTAURANT DOOR

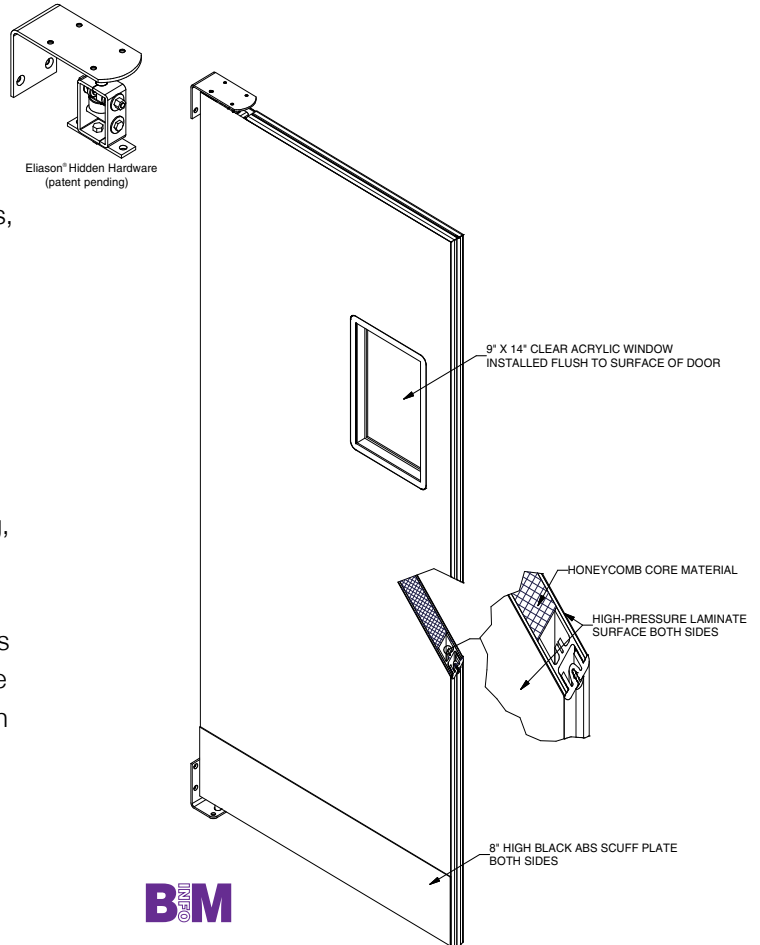

The Eliason® ENG-1 restaurant door is engineered and manufactured in the same tradition of high quality and dependability built into every Eliason® door. With its neatly Hidden Hardware (patent pending) and flush mounted window, this attractive door is perfect for upscale environments. This stylish door provides the same reliable service and uncompromising quality you've come to expect from Eliason®.

The Eliason ENG-1 Door

product features
& specifications

Where function meets elegance.

- The ENG-1 door panel is 1-1/2" thick and its unique core construction provides excellent sound abatement qualities, keeping kitchen noise where it belongs – in the kitchen.
- The Eliason® ENG-1 features a contemporary flush mounted window, our exclusive Hidden Hardware (patent pending) and a standard 8" high scuff plate.
- The Hidden Hardware is based on the Eliason Easy Swing® hinge –the easiest to install, smoothest operating, most reliable double acting door hinge available.
- The finishing touch is in your hands. Eliason® ENG-1 doors are available in a virtually unlimited variety of high pressure laminate (HPL) colors and patterns, so let your imagination run wild!
- The distinctive good looks of the ENG-1 make it the perfect choice for upscale restaurants, banquet halls, country clubs, yacht clubs, and hotels.
